ELECTION OFFICIALS NAMED FOR AUGUST 26 PRIMARY

Tung Grove Is Self-Supporting After Being In Existence 3 Years

Observations...

By UDELL

Bay St. Louis can be proud of the Merchant's Bank. The building has been completely renovated on the inside and outside and the newest and most modern fixtures have been installed. It is an asset to the community.

Work on the seawall, 225 feet South of the Bay St. Louis bridge, was started Monday morning. The contract was awarded to Roger Heitzmann last week by the members of the Board of Supervisors.

We didn't think it was possible for a dense wilderness to be cleared in so short a time. The land for approaches by Dunbar avenue are practically cleared of all trees and underbrush. It's a pity, though, to see beautiful oaks, pecan trees and persimmon trees, such as those that were growing on these particular pieces of property, destroyed. But, the good must be taken with the bad when the wheels of progress spin.

Be sure and contribute to the Bay St. Louis-Hancock County Library Saturday, August 16, Tag Day. Volunteer workers will approach you on the street for your donation. If you aren't going to be in town that day, and wish to contribute, leave your porch lights on Friday night, and members of the Bay St. Louis Troop will come by for your donation. Don't forget that it is through this medium that your children and you yourself can develop and add to your store of knowledge.

Last week we made quite a little faux pas when we stated that "Mother Blanche announced the opening dates of St. Joseph Academy." Well, the resemblance between Mother Blanche and Mother Mary of the Rosary, in the eyes of the writer, is great, and for some reason or the other, we have never been able to realize that Mother Blanche, who was superior during our high school days, is no longer at St. J. A. So, to our many readers who wanted to know, Mother Blanche is not back at St. J. A. The faculty changes will be announced today.

The 45 acres of five year old tung trees, two miles east of Caesar on the Nacaise Road, one-quarter mile east of the cross road, will be opened to the public Friday and Saturday, August 22 and 23, from 8:00 a. m. to 5:00 p. m.

A prominent tung grower, with 20 years experience visited the grove several days ago and said, "This is the biggest crop of nuts I have ever seen on any age trees. Everybody interested in tung should see this place."

Lionel Sellier, son of Mr. and Mrs. Elder Sellier, will leave September 6 for the Colorado School of Mines in Golden, Colorado.

Lionel, who was graduated from Bay High in the class of 1952, has been awarded a five-year scholarship to study geological engineering.

Child Seriously Injured Sunday

Chip Del Corral, four and a half year old son of Mr. and Mrs. Del Corral, 118 Woodlawn avenue, New Orleans, was seriously injured Sunday, August 10, when he ran in front of an automobile.

The automobile, driven by Horace Thompson Jr., was traveling at a moderate rate of speed on Waveland Beach when the accident occurred around 11:00 a.m.

The Del Corrales were visiting Mr. and Mrs. C. A. Tricou.

Chip suffered a severe fracture of the leg, head injuries and internal hemorrhaging. He was taken to King's Daughters hospital by Fahy's ambulance and later removed to Mercy hospital for observation.

Each visitor will be requested to sign a registration book and record his guess on the number of pounds of nuts on this 45 acre farm. The person guessing nearest to the number of pounds of nuts on the land will receive \$50 cash; the second place, \$30 cash; and the third place, \$20. All nuts will be hauled to the Crosby Tung Mill, and R. B. Jones will keep a record of produce from the farm, and the awards will be made, based on his figures.

Guides will be on hand to show visitors over the property Friday and Saturday.

The total cost to the owner of this grove has been small. A person can see on this property what big production can be secured from land in this section at a nominal cost. The cost is so little that anyone can plant and bring into production a few acres of tung trees such as will be seen in this grove.

It cost the owner of the land \$17.50 to clear and plant the 45 acres in L-2 tung nuts. The total cost for work and fertilizer the first year was \$2.50 per acre and \$10 for the second year. The third year, the crop more than paid all expenses of work and fertilizer, and a good profit was made. The fourth and fifth years in spite of the fact that cold weather cut the crop short both years.

At a total cost of \$31 per acre, the grove was brought into bearing; of that \$31, all of it was paid for labor with the exception of \$2.25 for fertilizer. A man on the farm equipped to do his own work can have a fine bearing tung grove for an actual expenditure in cash of only \$2.00 to \$3.00 per acre.

This crop has been estimated by visitors to be from one to five tons per acre. Everyone is invited to come and give an estimate.

—Mr. and Mrs. A. R. Surplus had as their guest Mr. and Mrs. Herbert Grimley of Tampa, Fla.

—Don't forget the Knights of Columbus Dance to be held Saturday night, August 30, from 9:00 to 1:00. A named band will be on hand for your dancing pleasure. Members are allowed to bring two guest couples.

Shown in a scene from "Our Hearts Were Young and Gay" are, left to right, Gloria Biehl, Carol Turner, John Morley and Charles Kiefer.

Adams Discusses U S Naval Reserve

Chief B.M. William Adams, Jr., U. S. N. R., of Gulfport, who recently returned from a month's cruise to Europe with the Navy, spoke at the weekly meeting of the Bay St. Louis Rotary Club Wednesday.

Howard Adams, who was in charge of the program introduced his brother.

"The Naval Reserve is one of the major industries on the Gulf Coast," Adams stated. "Approximately \$100,000 is paid out each year in salaries to men connected with this service, which is giving young men on the Coast some of the best naval training."

Last May, five men Adams included, left Gulfport aboard for Europe.

Among the places of interest during this period, were Lisbon, Escorial and several places in France. The crew's tour of France was restricted as a result of Communist activities.

He told of historic and scenic points of interest visited in Lisbon and France.

"Twenty percent of the men making the cruise have never had actual sea training," the speaker added. "This trip is of great value to these men who have only been trained in their reserve units."

He concluded with an invitation to anyone interested in the Naval Reserve activities to visit the unit in Gulfport.

Visiting Rotarians were Dr. Emmett L. Irwin, New Orleans; Guy Allen, Pass Christian; H. G. Ingram, Bogalusa and Harry Hosmer, Dallas, Texas.

Summer Band Plans Last Concert

Bay High's summer band program will be concluded Thursday, August 21, at 8:00 p.m. with a concert on the beach.

This will be the final concert for the program which has been going on throughout the summer.

The following students have aided in carrying the program through to a successful conclusion: Jimmy James, Manuel Maurigi, Richard Bourgeois, Otto Bourgeois, Ronald Maurigi, Howard Parker, Clea Kay Miller, Donald Green, Wheeler Hartfield, Irma Garcia, Carl Thibaux, Allen Wilkerson, Harold Wilkerson, Carlos Arnold, Clara Lee Ketchum, Clifford Duke, Mary Lee Duke, Louis Palmer, Gail Parker, J. L. Gonzales, M. J. Gleber, Jerry Blivenet, Ronald Johnson, Phyllis Arnold, Huey Johnston and Grace Woods.

The concert will include numbers by beginners who have been taking private instructions under the tutelage of James F. Brent.

Also on the program will be a twirling demonstration by the Bay High band majorettes.

Mr. Brent wishes to express his appreciation to the parents of the students who have taken part in the activity.

Senator Stennis Seeks Re-Election

Mississippi editors representing every section of the State are supporting the first full term candidacy of U. S. Senator John C. Stennis in the August 26 primary election.

"Too good to lose," is the way James H. Skeves, editor of THE MISSISSIPPIAN STAR, describes Stennis in his newspaper, which is widely read in the Senator's home territory of DeKalb and Kemper County.

"Mississippians of every group and class in general applaud our Mississippi junior senator," Skeves wrote. "Politicians come and go, but Stennis is a success."

Depicting a hammy French actor, Joseph Viguerie gives a superb performance in handling the part of Cornelia's idol, Monsieur De La Croix.

Mr. and Mrs. O. Skinner are characterized by Philip Allison and Christal Seaster who handle their parts with accustomed ease.

Lucien Raymond plays the businesslike ship's purser, Jerry Kiefer, the puzzled steward, Keith Tonkel, the dubious inspector; and W. W. Smith, the band leader "admiral."

Two breezy British girls are portrayed by Ethel Ann Raymond and Daring Normand. Madam Elise and the French-maid Therese are played by Odette Wittelsberger and "Mug" Blanchard.

Curtain time for all performances will be 8:15 p.m. Tickets will be available at the door.

C of C Committee Asks Postponement In Sewerage Bid

The Advisory Committee appointed by the Hancock County Chamber of Commerce suggested to the City Council that the Council proceed slowly in their plans for a sewerage plant and disposal system for the community.

The meeting between the City Council and the Chamber of Commerce Advisory Committee was held at the City Hall Friday, August 8.

"It will be to the best interests of the people of our community if every effort is made to give our citizens the benefit of an exhaustive study into every phase of the proceedings leading to the signing of any contract which will bind the City," stated the members of the Committee. "All possible information should be obtained by you (the Council) from people who have had experience in this particular type of municipal financing," the Committee continued.

The meeting was called between the Council and the Committee for a discussion of the matters to be considered before entering into a formal contract with any engineering firm.

The Ladies Auxiliary of Clement R. Bontemps Post No. 139 of the American Legion at their regular monthly meeting held on Monday evening, August 11, unanimously adopted a resolution calling on the governing authorities of Hancock County and the towns of Waveland and Bay St. Louis for favorable action on the construction of a new, modern and well equipped public library for Hancock County as a memorial to the men and women of the county who served their country during the Great War. The resolution adopted is as follows:

"WHEREAS, the recent citizens' poll by the Hancock County Chamber of Commerce reveals a strong public sentiment towards the construction of a new, modern and well equipped library for Hancock County, and

"WHEREAS, it was suggested by one of our local citizens through this poll, that a library be constructed as a memorial to the men and women from Hancock County who served their country during the Great War; and

"WHEREAS, the Ladies Auxiliary of Clement R. Bontemps Post No. 139 of the American Legion are of the opinion that a project of this type is urgently needed to aid in the development of the cultural and educational life of the people of Hancock County, and

"WHEREAS, this project would also serve as a memorial to the men and women of the county who served their country during the Great War;

"BE IT THEREFORE KNOWN that we, the Ladies Auxiliary of Clement R. Bontemps Post No. 139 of the American Legion do hereby request that the Board of Supervisors of Hancock County, the Mayor and Board of Aldermen of the town of Waveland, and the Mayor and Commissioners of the town of Bay St. Louis make a study of this project and the view in mind of providing the necessary funds for its construction."

"BE IT ALSO FURTHER KNOWN that we, the Ladies Auxiliary of Clement R. Bontemps Post No. 139 of the American Legion, do invite all civic organizations, all fraternal organizations, all social clubs, and any and all persons or persons to join us in sponsoring this project."

Plan Cake Walk

A benefit cake walk will be held on the grounds of St. John's Catholic Church, Lakeshore, Sunday, August 17, at 3:00 p.m.

An afternoon of entertainment is promised for everyone who attends.

great state placed in him. He is a Christian gentleman, a man of keen business acumen and high moral standards. . . a man conversant with the traditions and the heritage of our great nation . . . a man whose amiability and ability have not only impressed the folks back home, but the members who make up the greatest deliberative body in the world, the Congress of the United States.

Widener Gavin, editor of THE MISSISSIPPIAN RECORD, thinks Stennis is a "statesman without peer."

"He thinks deeply," Gavin wrote, "and invariably along right lines, and is easily one of the outstanding senators in Washington today. In the history of Mississippi's great statesmen, none will rank higher than John C. Stennis. We are fortunate to have this truly great American in this important office during the momentous times through which we are passing."

Edgar Harris, looking over the March of Events in THE WEST POINT DAILY TIMES LEADER, says, "Senator Stennis is now generally regarded as one of the ablest men in the nation's highest law-making body and it is our guess that the voters . . . will give him their enthusiastic endorsement."

Perhaps one of the most widely read weekly newspaper columns in Mississippi is "Mississippians," written by Ned Lee, editor and publisher of THE WEBSTER PROGRESS. Mr. Lee attended the recent Democratic convention in Chicago, and wrote of the Senator: "Quietly but effectively, too, Senator John Stennis put in his good work. It was not difficult to ascertain that the whole nation has come to have much respect for our junior senator."

Managers for the election held August 26, 1952, were named this week by members of Hancock County Election Committee.

All qualified electors will vote for a Congressman and Senator and on the Liquor Referendum.

In the race for Congressman, William M. Colmer, incumbent, is being opposed by Walter S. Lowry.

Senator John C. Stennis is opposed by William P. Davis.

Voters in the Special Referendum Election will either cast their ballot for allowing counties upon petition of 20% of the qualified electors to vote for or against legalizing the sale of intoxicating liquor of more than 4% alcohol by weight; or they may vote against allowing counties upon petition of 20% of the qualified electors to vote for or against legalizing the sale of intoxicating liquor of more than 4% alcohol by weight.

Bay Man Receives Sentence Monday

Donald Francis Sadler, 24-year-old Bay St. Louis man, was sentenced to two years in a reformatory-type institution by federal court Judge Sidney C. Mize in Biloxi Monday for interstate transportation of a stolen vehicle.

Sadler was charged with transporting a stolen car from Houma, La., to Bay St. Louis, November 25, 1951.

—Don't forget the Knights of Columbus Dance to be held Saturday night, August 30, from 9:00 to 1:00. A named band will be on hand for your dancing pleasure. Members are allowed to bring two guest couples.

Social Security Payments To Be Increased

Well over 8000 people on the Mississippi Gulf Coast will receive higher Social Security payments as a result of the Social Security Amendments, which President Truman signed into law July 18, 1952. The first increased checks will be for the month of September, delivered early in October.

Mrs. Lulu Wimberly, Manager of the Gulfport, Miss., Social Security office, emphasized that no one needs to apply for increased payments. "The Social Security Administration is already changing the amounts," she pointed out. "We expect to get them changed in time to have them in the mail October 3, the regular delivery date, but if in a few cases we do not meet that schedule, we will send the regular check and make up the difference in a later check."

Mrs. Wimberly pointed out that although nearly every family receiving payments would receive an increase, the additional amount would not always be divided among all members of the family receiving monthly benefits. In some cases the entire increase will go to the retired worker. The amount of the increase will be in most instances about \$5; some of course will get more than this amount, others will get less.

Beginning September 1, a person may earn as much as \$75 a month instead of \$50 and still receive and accept his monthly payments. Similar provision is made for a self-employed person to earn as much as \$900 net profit in his taxable year and still receive all benefit payments for the year. For the self-employed, this change is effective with the first taxable year which ends after August 1952.

The amended law contains a provision of special importance to self-employed people who have retired or plan to retire during 1952. These people should call at the Social Security office immediately.

The 1952 Amendments provide Social Security wage credit for month of active military service from July 24, 1947, through December 31, 1953. This provision is simply an extension of the one which already gives Social Security credit to servicemen of World War II.

Plan Slumber Party

All Teen-Age girls, members and non-members, are invited to attend the slumber party at the Bay St. Louis Youth Center Saturday night following the regular program.

Mr. and Mrs. Charles Ladner visited her parents, Mr. and Mrs. Sam Noto, over the weekend.

Mr. and Mrs. Moises Garcia and children, Dorothy and Moises, will leave Monday for Denver and other parts of interest.

WE ELECT A SENATOR

We elect a United States Senator in our Democratic Primary Election, August 26, for the full six-year term beginning January 3, 1953.

STENNIS IS CANDIDATE

Senator John C. Stennis of De Kalb is filling the unexpired term of the late Senator Theo. G. Bilbo. He is a candidate for the full term. He has made an outstanding record. He should be kept in the United States Senate as an able, hard-working, faithful and sincere representative of all the people.

YOUR VOTE IS IMPORTANT

Your vote is your voice in government. Let it speak for you. Let's all join in sending Senator Stennis back to Washington by a landslide victory, so he can continue his fine work on an even greater scale.

HOME AGENT NOTES
by MADGE ALLRED

Jams, preserves, Jellies, Pickles and Relishes. We all like to have some of each on our pantry shelves and to add taste features to our meals.

Recipes for making these five favorites have been summarized into an attractive red and white covered bulletin by the Extension foods specialists, Mrs. Felder and Mrs. Boyette. Copies of this publication are available at the home agent's office. Ask for a copy of Extension Publication 220, Jams, Jellies, Preserves, Pickles and Relishes.

In the bulletin you will find a list of equipment you need for making and the storing of these products, general jam, jelly, pickle and preserve making directions and specific directions for everything from strawberry jam to pepper relish and tomato catsup.

SUMMER LAUNDRING
Are your summer clothes getting a "dread" look from the numerous launderings hot weather and summertime requires of them?

Dark clothes particularly take on a dull look with many launderings and starchings with white starch. If you will tint the starch for brown garments with tea or coffee and for blues with bluing, they will more nearly keep their bright color.

And make a habit of rolling dark sprinkled cotton in a dark cloth. Also cover the ironing board with a dark covering. Dark cottons pick up the lint from a white ironing board cover.

Press them on the wrong side with the grain of the material. Then touch them up by lightly pressing on the top side. This will

help you avoid that sick, shiny look dark cottons sometimes have.

GELATIN FOR STARCH
A gelatin solution in place of starch will restore the original finish to cottons. You can give sheers and dark cottons that "just bought look" by dipping them in a weak gelatin solution. After doing this roll them in towels to absorb excessive moisture. Then press the garments while they are slightly damp.

Prepare the gelatin solution by soaking one ounce of gelatin in a cup of cold water for a few minutes. Then dissolve it in a pint of boiling water. Dilute this mixture with 3 to 15 parts of hot water, depending on the thickness of the garments to be dipped.

The garments you give this treatment will keep a nice, new finish for several wearings. They tend to resist wrinkles and dark sheers will not have a starch glaze.

Not only is the gelatin solution good for cottons, but it also may be used on sheer rayons, velvets, baby clothes, handkerchiefs and other dainty garments.

RESEALING BAGS
If you wish to reseal the cellophane bags in which you bought potato chips or popcorn, break the original seal carefully and remove the amount you need. Then hold the sides of the bag together beneath the original seal. Press with a hot stainless steel kitchen knife that you've heated over the flame of your gas stove, or with a warm electric iron. Apply the heated knife or iron briefly to avoid scorching the cellophane, but firmly enough to form a perfectly tight seal across the top of the bag.

The remaining chips or kernels in the bag will not become soggy. This same treatment may be followed with cellophane-packaged cookies and many other foods.

If you do not wish to heat-seal the package, simply fold the edges over a few times and hold them down with cellophane tape or a paper clip.

CAN YOU GUESS THE COOKING COST?

10¢ 2¢ 19¢ 1¢ 7¢

It's less than you think . . . when you use natural gas. In fact . . . when

you consider all of the big jobs that natural gas does in the

home . . . we think you'll agree it's worth much more than it costs.

The cost of hamburger meat, like just about everything else,

has increased many times over since 1940.

Remember, for example, when a pound of hamburger

meat cost 15 cents? When a hamburger cost

a nickel . . . 10 cents for the big super special?

But the cost of cooking your hamburger today is about

the same as it was 20 to 30 years ago. Less than

a penny's worth of natural gas here in the Gulf

South will cook enough hamburgers

for the whole family.

Yes, natural gas is worth much more than it costs today!

INCREASE SALARY OF FRANK KLEIN.
On motion of Supervisor Jones, Seconded by Supervisor Lott, it was unanimously agreed, that the salary of Frank Klein, be and the same is hereby increased to \$50.00 per month, effective May 1st, 1952.

MATTER OF PURCHASING 2000 FEET OF PRESENT HIGHWAY BRIDGE.
Supervisor Lott made the following motion, which was duly seconded by Supervisor Jones:

Whereas, At the 1952 Session of the Mississippi Legislature, House Bill No. 354 was duly passed and adopted; and

Whereas, Said bill provides in substance that the State Highway Commission is authorized and empowered to sell for a nominal consideration to the County of Hancock, the West two thousand (2000) feet of the Highway Bridge now in existence, spanning the Bay of St. Louis; and

Whereas: It is the desire of the Board of Supervisors of Hancock County, to take advantage of this bill, and to purchase at the appropriate time, for a nominal consideration, the West 2000 feet of the present Highway Bridge, spanning the Bay of St. Louis; and

Whereas: The said Engineers advised the Board of Supervisors of Hancock County that they would in all probability, grant a request to allow the County to maintain said bridge, in that said bridge would not constitute an unreasonable interference with navigation. However, before the authority can be actually granted an application must be filed with said Engineers.

Now Therefore, be it resolved and ordered that the President of this Board be and he is hereby authorized and directed to prepare and submit to the Board, a resolution, in the form of an application to the district Engineers at Mobile, Alabama, to be allowed to maintain the west 2000 feet of the existing bridge across the Bay of St. Louis, when bridge shall be available to be purchased by said County for a nominal consideration as provided for in House Bill No. 354 of the Mississippi Legislature of 1952; and the Clerk of this Board is hereby authorized and directed to forward to the Mississippi State Highway Department a copy of this resolution, as it is our understanding that application has to be made by the said Mississippi State Highway Department to the Corps of Engineers to be allowed to sell to Hancock County, and not remove same. The Mississippi Highway Department was given authority to construct a new bridge with the district understanding that the present existing bridge would be removed after the new bridge was in operation.

The above and foregoing resolution having been first reduced to writing was submitted, and upon a final passage thereof, the vote was as follows:

Those voting yes: All.
Those voting nay: None.

ADVERTISING FOR PURCHASE OF CALCULATOR.
Be It Ordered, by the Board, that the Clerk of this Board is hereby authorized and directed to advertise for sealed bids to be filed with the Clerk of this Board, on or before 10:00 o'clock A. M., Monday, June 2nd, for furnishing to Hancock County, the following:

APPLICATION FOR AID IN ROAD SYSTEM.
Be It Ordered, by the Board, that the following be accepted and copy certified to Mr. Ben T. Collins, State Aid Engineer.

APPLICATION OF HANCOCK COUNTY, MISSISSIPPI FOR AID FOR STATE AID ROAD SYSTEM OF THIS COUNTY.
Pursuant to the provisions of Senate Bill No. 1 of the Extraordinary Session of the Mississippi Legislature of 1949, the above named county hereby requests aid as provided in said Act, and in support of this application certifies and agrees as follows:

1. State Aid System in said County will provide such other competent technical assistants as may from time to time be deemed necessary, all as required in said Act.

2. A County Engineer has been employed and the County will provide such other competent technical assistants as may from time to time be deemed necessary, all as required in said Act.

3. The following annual program has been submitted to the Board of Supervisors of said county by said County Engineer and is hereby submitted to the Board for approval:

(a) A Section of county designated as FAS Route No. 1, known locally as the Flat Top Road, (road or bridge, as the case may be), the project proposed will provide for the mixing, shaping and compaction, Double Bituminous Surface Treatment of said road, approximately eight miles in length, beginning at the junction of State Road No. 43 and ending at the intersection of Mill Creek Road at an estimated cost of not exceeding the cost of \$46,400.00 of which it is proposed the amount of \$23,200.00 shall be Federal Funds, and the amount of \$23,200.00 shall be State Funds, and the amount of \$23,200.00 shall be provided by said County.

The above section is included in the Federal Aid or Farm to Market System as approved by the Bureau of Public Roads.

(b) A Section of county highway designated as FAS Route No. 104, known locally as the Edin-Rice-Ryone Road (Road or Bridge, as the case may be). The project proposed will provide for the mixing, shaping, and compaction, Double Bituminous Surface Treatment of said road, approximately eight miles in length, beginning at Pearl River County line and ending at approximately the junction of the Tower Road, at an estimated cost of not exceeding the sum of \$46,400.00 of which it is proposed the amount of \$23,200.00 shall be Federal Funds, and the amount of \$23,200.00 shall be State Funds, and the amount of \$23,200.00 shall be provided by said County. The total estimated cost of both projects not to be in excess of \$92,800.00, the State Aid Engineer having heretofore advised that the above indicated amounts of Federal and State Funds will be available to said county.

The above is included in the Federal Aid or Farm to Market System as approved by the Bureau of Public Roads.

The above sections of highway are hereby designated by said Board for priority of construction in the order named. The State Aid Engineer and the State Highway Commission are hereby requested, and authorized, to do any and all things necessary to obtain Federal Funds for those projects, unless it is indicated above that no Federal funds are proposed for those projects.

(c) The construction of those projects shall be by Contract.

4. Said county has complied with all rules and regulations promulgated by the State Aid Engineer and hereby expressly agrees that all provisions of said Act of the Legislature and all Rules and Regulations of the State Aid Engineer, and as amended or supplemented, are hereby made a part of this application and shall be considered as the terms, conditions and obligations of this application as though set forth herein.

This the 25 day of April, 1952.

What is Your Answer

YES OR NO?

1. Do you believe in the democratic principle of HOME RULE? ☐ Yes ☐ No
2. Do you believe that the people of each county should be allowed to decide local issues and problems for themselves? ☐ Yes ☐ No
3. Do you believe the people of each county are capable of managing their own local affairs? ☐ Yes ☐ No
4. Do you believe that the people of your county and each of Mississippi's 81 other counties should have the democratic right to manage their own local affairs? ☐ Yes ☐ No
5. Are you against arbitrary authority that does not allow the people of each county to decide what is best for themselves? ☐ Yes ☐ No
6. Do you believe in common sense, fair play, and the democratic principle of letting the majority rule? ☐ Yes ☐ No

IF YOUR ANSWER IS "YES"

Then you will vote FOR Proposition A on August 26.

PROPOSITION A - FOR ALLOWING THE PEOPLE OF EACH COUNTY TO DECIDE THE QUESTION OF LOCAL OPTION FOR THEMSELVES.

WHY?

Because - Proposition A is FOR ALLOWING the people of each of Mississippi's 82 counties to decide this issue for themselves. Proposition A is FOR Home Rule. It's the common-sense, fair-play, democratic way.

IF YOUR ANSWER IS "NO"

Then you will vote for Proposition B on August 26.

PROPOSITION B - AGAINST ALLOWING THE PEOPLE OF EACH COUNTY TO DECIDE THE QUESTION OF LOCAL OPTION FOR THEMSELVES.

WHY?

Because - Proposition B is AGAINST allowing the people of each of Mississippi's 82 counties to decide this issue for themselves. It is AGAINST allowing the people to manage their own local affairs. Proposition B is AGAINST Home Rule. It is for arbitrary authority through a state-wide secret police force; it is against letting the people of each county decide.

County Agent's Notes

By HOWARD SIMMONS

DAIRYING

Mississippi Dairymen are faced with an extreme shortage of stored feed for the coming winter. Roughage is a vital necessity to successful milk production.

To partially overcome the threatening feed shortages, dairymen are advised to plan for as much supplemental winter grazing as is possible. Check with your county agent for seed and fertilizer recommendations.

Where enough rain has fallen to permit the preparation of good, well fertilized seedbeds, farmers are urged to plant a late hay crop. It most likely will not make anything like an average yield, but any feed is better than none. Sudangrass, millet, soybeans or other such crops will do the job.

Where dry weather has not permitted corn to make ears, the stalks should be cut and still green put in the silo; if dry cut and shocked in the field for stover. Stover is not an ideal feed but is much better as feed than are snowballs and icicles.

Arrange now to give the cows plenty of shelter during the winter so that all the feed can go for milk production and body maintenance, rather than being diverted to keep the animals warm.

TRACE MINERALS

The widespread belief among farmers that the feeding of trace element minerals will cure or prevent brucellosis in man and animals is entirely unfounded, according to recent experiments conducted by veterinary scientists of the University of Wisconsin.

COTTON HARVESTING

Get most from your cotton crop. Don't let carelessness in harvesting ruin your chances for getting the most from your cotton. Here are 12 responsibilities of the cotton farmer to help insure proper harvesting and handling of seed cotton.

1. Do your best to dry damp or wet seed cotton before taking it to the gin. You can gain \$10 to \$15 a bale by having your cotton ginned dry.
2. Do not pick cotton wet from rain or damp from dew.
3. Provide trailer beds to hold one bale of seed cotton without tramping.
4. Provide separators for trailer beds holding more than one bale.
5. Under no circumstances should seed cotton be tramped. See that your helpers do not tramp it.

The Real Secret Of
SUCCESSFUL MARRIAGE

Advice on how to be happily married is never so freely available as it is today.

Marriage problems are openly discussed in newspaper columns and on the radio. Marriage advice is available from the man next door, who speaks from experience... and from the psychologist, whose views come from study and research. There is no topic... from etiquette to fidelity... on which advice and counsel are not available.

Yet with all this marriage education, the modern divorce rate continues at an appalling high!

This condition obviously is not due to ignorance of the so-called "facts of life." It cannot be attributed to economic problems, for good times have been repeatedly marked by a high divorce rate. Nor can it be blamed on the excuse of personal "incompatibility," which so often appears in divorce petitions.

These and other practical problems undoubtedly contribute to marriage conflicts. But the basic, fundamental cause of marriage failures goes deeper. It is the failure of many people to realize the true meaning of marriage... to recognize that it is a life-long union of a man and a woman... to see that its main purpose is the begetting and rearing of children.

In Catholic eyes, marriage is, first of all, a contract which... as with all contracts... must be governed by justice. A purely sentimental and physical attraction between a man and a woman, which is not permeated by a sense of duty to each other and to God, is not the love upon which enduring homes are built.

But the Catholic Church teaches that marriage must be what God

meant it to be... and He made it not only a contract—but a Sacrament.

When the marriage of a man and woman is a Sacrament, they owe a title to all the divine help necessary to overcome the disappointments and difficulties of domestic life. They are thus better able to overcome personality differences... better able to deal justly with each other... better able to understand the many practical problems of living together.

Marriage is not a strictly private affair. It is the concern of the whole community. It is the special concern of the Church, which is charged with safeguarding this Sacrament. That is why the Catholic Church strives to impress the true nature of marriage upon all who hear her voice.

Whether you are already married... or just thinking about it... you will be helped by a pamphlet we will send you explaining the true nature of marriage and the blessings that come from a proper understanding of the married state. Write today for your free copy. Ask for Pamphlet No. KC-19.

Important

to Mississippi's Progress—
The Telephone Man

Mississippi's current building boom means progress and greater prosperity for the state.

A necessary part of new plants, new businesses and the economic progress of Mississippi is a growing telephone service. Building new telephone facilities is keeping telephone men on the run.

Just during the past six years Southern Bell workers here in Mississippi have installed over 118,000 telephones in businesses, industries and homes. The number of subscribers has more than doubled since 1945.

This rapid expansion of telephone facilities is a good thing for Mississippi's prosperity and for today's big job—National Defense.

By - Gone Days

FIFTY YEARS AGO

This is the last issue of the Sea Coast Echo before the primary election, and we desire to urge the voters of Hancock County to go to the polls next Wednesday and give their countryman, Honorable E. J. Bowers, a unanimous vote. This county now has a chance to have one of its own citizens represent this district in Congress.

It was Bower's efforts that saved the appropriation which resulted in the establishment of the Agricultural Interest of this section, now in its infancy.

Indeed he is and has been a success and that is a criterion that in Congress he could and would accomplish something. He is no dreamer, spends no time evolving fine-spun theories, but knowing what he wants to do goes about it with all his might. He is intensely practical and the very sort of man this district wants at this time, when internal improvements are the greatest needs of this district.

TWENTY FIVE YEARS AGO

President Coolidge started the nation last week by declaring in a brief statement, "I do not choose to run for president in 1928."

President Coolidge's renomination was assured, if he desired it. Whether the anti-third term tradition would have brought about his defeat cannot be known but this question will not arise in 1928. We do not believe that the president is trying to play what is popularly called "smart" politics by appearing not to want to run. We believe he is sincere and that his statement means that he has joined Washington.

Jefferson, Madison, Monroe, Jackson and Roosevelt, in declining a third consecutive term.

In so doing he has sacrificed personal ambition and, to some extent, disorganized his party, but has, we believe, lifted himself higher in the esteem of the people, regardless of party affiliation.

TEN YEARS AGO

At a recent annual convention of St. Margaret's Daughters, held in New Orleans, Our Lady of the Gulf Circle of Bay St. Louis received hearty commendation on the excellent report which was read by the local delegate.

The report shows that the circle had dispensed \$1020.86 to cover the cost of food, clothing, fuel, medicine and miscellaneous assistance rendered needy persons of every denomination and color in Bay St. Louis and also in the county.

The organization has worked hand in hand with many of the charity cases treated in the local hospital, furnishing oxygen, serums, medicine and other valuable assistance.

FIVE YEARS AGO

Elected as Lieutenant Governor in 1943 succeeding to the governorship upon the death of Governor Thomas Bailey, Fielding L. Wright was nominated as Governor of Mississippi in the Democratic Primary Election held on Thursday, August 5, for a full four year term, by an overwhelming majority of 38,800 over four opponents.

A native of Sharkey County, Governor Wright served in the Legislature and the State Senate representing his county. He was speaker of the house of representatives during the Hugh White administration. In 1939 he did not offer for election to any office and in 1943 was elected Lieutenant Governor.

This is the first time in 28 years that a Lt. Governor has succeeded to the governorship in a Mississippi election.

ONE YEAR AGO

The advisory board of the Bay St. Louis Youth Center elected officers for the coming year Monday night.

The newly elected officers are Mrs. L. L. Kergosien, chairman; Mrs. Horatio Favre, vice chairman; and Mrs. J. W. Dupaque, secretary.

Election of officers for the Teen Age Club will be held Saturday night, August 18, provided that there are enough members present for voting.

O P S NEWS

HOG SLAUGHTERING REGULATIONS EASED IN DISEASE AREAS

Class 2 hog slaughterers in areas hit by recent outbreaks of vesicular exanthema, a disease affecting swine, may now apply to their local Office of Price Stabilization for permission to process their swine through Federally-inspected Class 1 slaughterers and move the products in interstate commerce channels, Jackson's District OPS Director R. W. May, announced this week.

He explained that Class 2 slaughterers are not Federally-inspected. Therefore, U. S. Department of Agriculture regulations prohibit shipments of pork across state lines unless the hogs are slaughtered by Federally-inspected Class 1 slaughterers.

CIGARS EXEMPT

Cigars, both domestic and foreign, have been suspended from ceiling price controls at all levels of distribution, R. W. May, District Director of the Jackson Office of Price Stabilization, announced this week.

Price Stabilization, announced this week. He pointed out, however, that cigarettes are not affected by the suspension and will remain under ceiling price regulations.

Ceiling on cigars was lifted, Mr. May said, in line with the OPS policy of relaxing price controls on commodities whose selling prices are well below ceiling prices and are not expected to reach ceiling prices in the near future.

SCRAP LEATHER

Scrap leather, a by-product of tanning, leather cutting and shoe manufacturing operations, has been removed from ceiling price control, according to the Office of Price Stabilization.

However, the agency pointed out sale of leather at retail and service charges of contract tanners and contract finishers remain under price ceilings. Sales of imported and domestic hides, skins and leather were suspended in a previous action.

By Mary Lee Taylor

Easy Peach Dumplings

3 cups fresh peaches, peeled and sliced
1/2 cup sugar
1/4 cup water
few grains salt

1 cup biscuit mix
1/4 cup Per Milk
2/3 Tablespoons water

Boil slowly in deep saucepan 5 minutes a mixture of peaches, 1/4 cup sugar, 1/4 cup water and salt. Put biscuit mix and 4 tablesp. sugar into quart bowl. Stir in mixture of milk and 2/3 tablesp. water with fork. Drop dough from spoon in 8 equal portions onto boiling hot peaches, but not into juice. Cook 10 minutes uncovered. Then cover tightly and cook slowly 10 minutes without lifting the lid. Serve warm. Makes 4 servings.

They include Mrs. Dorothy Dempwolf Dennis, who will serve as chairman of the Board; Mrs. Samuel P. Swing, president; Mrs. Richard L. Hagg, vice president; Mrs. L. S. Capehart, recording secretary; Mrs. Hugh W. Fitzpatrick, corresponding secretary; Miss Jane Northrop, treasurer; Miss Della Tullis, parliamentarian; and Mrs. William J. Curran, historian.

Committee chairmen include Mrs. Richard L. Hagg, program; Mrs. William A. Lighter, Jr., membership; Mrs. J. P. Epperson, horticulture; Mrs. Pauline Curran Dabney, conservation; Mrs. Steven A. Jennings, publicity; Mrs. A. B. Tipping, pilgrimage; Mrs. Dunbar Christ, pilgrimage historical exhibit; Miss Ann Liversedge, pilgrimage booths; Mrs. Ben H. McMath, club scrap book; and Mesdames Catherine Hursey and Dow Ripley as hospitality chairmen.

The Azalea Garden Club for Colored people, which is sponsored by the Pass Christian Garden Club, will have as its supervisor for the 1952-53 year Mrs. Dorothy Dempwolf Dennis.

KEESLER GROOM AND BLOOMINGTON BRIDE WED IN TORGESEN HOME

On Friday, August 8, at 4:30 p. m. Miss Doris Ann Gilbert, daughter of Mr. and Mrs. E. W. Gilbert of Bloomington, Illinois, and George Altmeyer Jr., of Keesler Field and Bloomington, were married quietly in the home of Mr. and Mrs. Paul Torgeson on Henderson avenue with the Reverend W. S. Allen of the First Baptist church of Pass Christian reading the marriage rites.

The living room of the Torgeson home was decorated with ferns and white flowers. The Reverend Allen stood beside a small white altar where two lovely white wax tapers glowed in exquisite crystal holders. A large crystal bowl filled with an arrangement of white flowers periwinkle, surrounded by sprigs of Southern Smilax and fern completed the background.

The bride wore a floor-length white satin gown with a delicate lace yoke inset, outlined with a satin ruffie and studded with rhinestones. The bodice was form fitting and long-sleeved while the skirt fell in deep graceful folds. She wore a small white hat and carried a shower bouquet of baby orchids and tube roses. Miss Jessie Holley of Pass Christian, the bride's only attendant, wore a net-over taffeta dress in crepe myrtle pink. The dress was full skirted and topped with a bolero. She carried a bouquet of rare pink Tiger lilies in combination with carnations.

With the groom stood Francis Surgett of Keesler Field and Newark, New Jersey.

Following the ceremony, the wedding party assembled in the dining room where Mrs. Torgeson, dressed in a sheer green and white print, served punch from a crystal bowl which was surrounded by a garland of fern intermingled with white clematis. Above the table hung a cluster of white wedding bells. The cake was decorated with formal cord and tassel design and had a note of sentiment, the tiny bride and groom dolls used 18 years before on the Torgeson's own wedding cake. On the buffet, was an arrangement of red roses, and fashionably dressed bride and groom dolls.

Included in the wedding party were Mr. and Mrs. Paul Torgeson with their son, Kenny; Mrs. Mabel Torgeson of Phoenix, Arizona; Mr. and Mrs. Charles Holley, Jr., and their son, Bruce; Miss Katie Dukes, Mr. Karl Slack of Keesler Field and La Grange, Indiana; Mr. Norman Richards, Mrs. George Bell, and Mrs. E. A. Allen with her daughter, Barbara.

Mrs. Torgeson, whose son Paul, Jr. is now training at the Army Air Base in San Antonio, Texas, opened her heart and home to this young couple when she learned they were to be married away from home and among strangers. "I wanted them to have the memory of a home wedding," she explained.

Mrs. N. K. Owen of New Orleans with her daughters, Martha, Marion, Minerva, Melanie and Kay visited a week in the home of Mr. and Mrs. William Kalit.

Maynard Hartley Jr. is back home after a week's visit with friends in New Orleans.

Byron Humphrey, who spent the summer at Camp Le Conte in Tennessee is back home. Byron is the son of Mrs. Russell Costley.

William Elliot spent the week-end with his family at their Pass Christian home.

Bish Mathes, currently attending to business in Long View, Texas, returned home for a few days.

Mrs. Paul Torgeson was a recent New Orleans visitor.

Mrs. Mabel Torgeson of Phoenix, Arizona is a guest in the home of her son, Paul Torgeson Sr.

Mrs. R. E. Caire, of Baton Rouge, is vacationing this week in her Pass Christian camp "Caire's Lair." With her are Mesdames S. L. Williams and George Covert, also of Baton Rouge. The group will be joined by their husbands this week end.

BOBBY ELLIS GIVEN MOVIE PARTY

In celebration of his ninth birthday anniversary, Bobby Ellis, son of Mr. and Mrs. Sydney Ellis, was given a matinee movie party Saturday afternoon, August 11. At two o'clock the following children met at the Ellis' home and were served cake and ice cream before going to the Avalon Theatre to see a double feature: Martha and Marion Holmes, Judy and Slickie Gamard, Bobby Holmes, Billy Allen, John and Kaye DeMetz, Fellers Drury, Leslie Logan, Joe E. Allen, Margaret and Mike Ellis and Philip Lee.

FORESTRY QUEEN CONTEST

Civic Groups, Women's Clubs, VFW Posts, Parent Teachers Organizations and others are urged to sponsor some rural girl for the coveted title of Hancock County's forestry queen for the year, 1952. Rules for the contest are: all entries must be unmarried, between the ages of 16 and 21 and from a rural community. Any town with less than 2500 population is considered rural.

The winner of the county event will, in addition to winning the county title of forestry queen, go to Laurel, date to be announced later, to compete with winners

from 12 other counties. The contest then goes to the state level, October 10, at the Mississippi State Fair, where the winner of a queen, sponsored by a forestry club, will represent Hancock County on in Jackson. For information regarding the contest, contact your county forestry club. Stewart, telephone 201.

MARY LOU GAMARD BIRTHDAY FETE
 On Tuesday, August 5 little Mary Lou Gamard, daughter of Dr. and Mrs. Edward Gamard II, was given a late afternoon party in celebration of her fourth birthday anniversary.

You will be wasting time, money and effort if you choose a cover fabric for your living room that will not stand wear, hold its shape, be free from too much wrinkling and retain its color after washing, declares the Extension home marketing and crafts specialist.
